Mumbai, Maharashtra • +91-9935329977 • singhmahabir2004@gmail.com • [Linkedin](#)

OBJECTIVE

Analytical and detail-oriented Computer Science graduate with hands-on experience in Python, SQL, and Power BI. Skilled in data analysis, dashboard creation, and extracting actionable insights from real-world datasets. Seeking an opportunity in Data Analytics / Business Intelligence where I can apply my analytical skills and contribute to data-driven decision-making.

EXPERIENCE / PROJECTS

Data Analytics Portal App

- Developed an interactive web app for data exploration supporting CSV/Excel file uploads.
- Implemented data summaries and aggregations (sum, mean, count) using Python and Pandas.
- Created dynamic visualizations (bar, line, pie charts) to simplify data interpretation.

Medicine Recommendation System

- Built a machine learning-based system using Support Vector Classifier to predict diseases with 90%+ accuracy.
- Engineered a dataset including symptoms, medications, diet, precautions, and workouts for personalized recommendations.
- Developed a user-friendly Streamlit interface for efficient symptom input and prediction.

Farmer Analysis Dashboard

- Designed an interactive Power BI dashboard to analyze farmer market sales and quantity data.
 - Performed quantity-wise, sales-wise, and sales-quantity analysis across products and markets.
 - Generated insights to identify high-revenue products and understand sales-quantity relationships.
-

EDUCATION

Somaiya Vidyavihar University

July 2025 - Present

Master of Science - Data Science

- Specialization in Business Analytics and Data-Driven Decision Making
- Thesis: "Leveraging Predictive Analytics for Strategic Business Insights"

NES Ratnam College

July 2022 - May 2025

Bachelor of Science - Computer Science

CGPA: 9.70

ADDITIONAL INFORMATION

- **Programming:** Python (Pandas, NumPy)
- **Database:** SQL
- **Business Intelligence:** Power BI, Tableau
- **Data Analysis:** Data Cleaning, EDA
- **Tools:** Power BI Desktop, Jupyter Notebook, GitHub
- **Certification:** Microsoft Power BI, Python from IBM, Data Science, Prompt Engineer workshop
- **Soft Skills:** Communication, Data Interpretation, Analytical Thinking, Problem Solving
